about 

World AIDS Day 2024

**RAISE MONEY.
RAISE AWARENESS.
RAISE HOPE.**

For more than 30 years, the AIDS Service Foundation of Greater Kansas City has been dedicated to raising funds, hope, and awareness for comprehensive whole-person wellness related to HIV. All of your philanthropic investment stays local, supporting essential health and social services in the Kansas City metro area, where nearly 6,000 people are living with HIV. Our grants go beyond medical care, focusing on holistic wraparound services such as stable housing, health education, support groups, and youth programs. Together, these efforts

advance us toward a future with no new HIV transmissions, where all individuals can be healthy, well, and thrive.

We invite you to **Commit to Our Community** by sponsoring our 2024 World AIDS Day events. Your donation will help us meet the current and future needs of our community. Join us in maximizing our meaningful impact. Details of sponsorship opportunities are provided on the next page.
